* "Carrying Capacity" refers to the number of individuals that can be supported without degrading the natural, cultural, and social environment, i.e., without reducing the ability of the environment to sustain the desired quality of life of the long term.

To all our CCN supporters

We are writing to Alert you and to enclose some interesting updates. The battle for Immigration Reduction continues. Sometimes getting Real Reductions looks achievable, but many times the trends are dark. The backbone of our politicians and leaders seems to weaken as the number of Legal and illegal aliens increase in our country.

But we have no choice but to battle one if our country is to survive as we have known it and as a fit place for our children and their children.

The Obama Administration is intensifying its push for "Comprehensive Reform" including the DREAM Act-- all just Code Words for a Massive Illegal Alien Amnesty and an increase in Legal Immigration. But the USA already issues 125,000. Work Visas a month to foreigners, in spite of 22% Real U.S. Unemployment! (shadowstats.com). And Legal and Illegal Immigration each add about 2 million annually to the U.S. Population.

So please contact your Members of Congress and tell them to support a zero-net Immigration MORATORIUM, and to support Good Bills like the SAVE Act (H.R. 2000) which would mandate increased use of Everify to help stop Illegal Immigration. Tell them you oppose any Illegal Alien Amnesty whatsoever.

To Alert you and to enlist your help where it can do the most good, we need to be able to send you Mobilization Alerts and information such as the enclosed regularly. But we can't afford the cost of printing and postage for repeated 'snail' mailings.

So please write your email address on the flap of the enclosed envelope or send an email to info@carryingcapacity.org and we will put you on the roster..... That way we can send you Mobilization Alerts and Updates and do a better job of winning this war.

There will still be occasional hard copy mailers in the traditional manner but this might only be annually.

We appreciate all your past support and look to continuing this effort to Save the USA!

Thank you,

Carrying Capacity Network

P.S. If you would prefer to make donations via credit card at our website just visit www.carryingcapacity.org

Your donation will allow us to intensify our efforts!
